All remaining positions held in cash account.

EAI **Estimated Annual Income (EAI) & Estimated Yield (EY)-** EAI is an estimate of annual income for a specific security position over the next rolling 12 months. EAI may be negative on short & EY positions. EY is calculated by dividing the current EAI for a security position by its statement closing date market value. EAI and EY are estimates only and may include return of principal and/or capital gains, which would render them overstated. Actual income and yield might be lower or higher than the estimated amounts. **For calculation details, refer to the**"Additional Information and Endnotes" section.

Total Cost Basis does not include the cost basis on core, money market or other positions where cost basis is unknown or not applicable.

M Position held in margin account.

SHT Short position.

This table presents the estimated monthly interest and dividend income and return of principal that your current holdings may generate over the next rolling 12 months. The cash flows displayed are estimates provided for informational purposes only and there is no guarantee that you will actually receive any of the amounts displayed. These estimates should not be relied upon for making investment, trading or tax decisions. The estimates for fixed income are calculated using the security's coupon rate. The estimates for all other securities are calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. IADs are sourced from third party vendors believed to be reliable, but no assurance can be made as to accuracy. There are circumstances in which these estimates will not be presented for a specific security you hold. Please refer to Help/Glossary on Fidelity.com for additional information on these calculations.

Bond & CD Income includes interest payments for fixed and variable rate bonds, international bonds that pay in USD, and Certificates of Deposit (CDs).

Bond & CD Principal includes maturing principal payments for fixed and variable rate bonds, international bonds that pay in USD, and Certificates of Deposit (CDs).

Stock Income includes estimated dividend payments for common stocks, preferred stocks, ADRs, closed-end mutual funds, and MLPs.

ETP Income includes estimated dividend payments for Exchange Traded Funds (ETFs) and Exchange Traded Notes (ETNs).

Mutual Fund Income includes estimated dividend payments for Fidelity and non-Fidelity mutual funds.

Other Income includes, but is not limited to estimated dividend payments for Unit Investment Trusts (UITs), REITs, and LPs.

This table does not include cash flow from foreign denominated fixed income.

EAI **Estimated Annual Income (EAI) & Estimated Yield (EY)-** EAI is an estimate of annual income for a specific security position over the next rolling 12 months. EAI may be negative on short & EY positions. EY is calculated by dividing the current EAI for a security position by its statement closing date market value. EAI and EY are estimates only and may include return of principal and/or capital gains, which would render them overstated. Actual income and yield might be lower or higher than the estimated amounts. **For calculation details, refer to the**"Additional Information and Endnotes" section.

All positions held in cash account unless indicated otherwise.

Total Cost does not include the cost basis on core, money market or other positions where cost basis is unknown or not applicable.

SHT Short position.

This table presents the estimated monthly interest and dividend income and return of principal that your current holdings may generate over the next rolling 12 months. The cash flows displayed are estimates provided for informational purposes only and there is no guarantee that you will actually receive any of the amounts displayed. These estimates should not be relied upon for making investment, trading or tax decisions. The estimates for fixed income are calculated using the security's coupon rate. The estimates for all other securities are calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. IADs are sourced from third party vendors believed to be reliable, but no assurance can be made as to accuracy. There are circumstances in which these estimates will not be presented for a specific security you hold. Please refer to Help/Glossary on Fidelity.com for additional information on these calculations.

Bond & CD Income includes interest payments for fixed and variable rate bonds, international bonds that pay in USD, and Certificates of Deposit (CDs).

Bond & CD Principal includes maturing principal payments for fixed and variable rate bonds, international bonds that pay in USD, and Certificates of Deposit (CDs).

Stock Income includes estimated dividend payments for common stocks, preferred stocks, ADRs, closed-end mutual funds, and MLPs.

ETP Income includes estimated dividend payments for Exchange Traded Funds (ETFs) and Exchange Traded Notes (ETNs).

Mutual Fund Income includes estimated dividend payments for Fidelity and non-Fidelity mutual funds.

Other Income includes, but is not limited to estimated dividend payments for Unit Investment Trusts (UITs), REITs, and LPs.

This table does not include cash flow from foreign denominated fixed income.

Account # 301-668710 VELUPPILLAI SENGO - ROTH IRA

This table presents the estimated monthly interest and dividend income and return of principal that your current holdings may generate over the next rolling 12 months. The cash flows displayed are estimates provided for informational purposes only and there is no guarantee that you will actually receive any of the amounts displayed. These estimates should not be relied upon for making investment, trading or tax decisions. The estimates for fixed income are calculated using the security's coupon rate. The estimates for all other securities are calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. IADs are sourced from third party vendors believed to be reliable, but no assurance can be made as to accuracy. There are circumstances in which these estimates will not be presented for a specific security you hold. Please refer to Help/Glossary on Fidelity.com for additional information on these calculations.

Bond & CD Income includes interest payments for fixed and variable rate bonds, international bonds that pay in USD, and Certificates of Deposit (CDs).

Bond & CD Principal includes maturing principal payments for fixed and variable rate bonds, international bonds that pay in USD, and Certificates of Deposit (CDs).

Stock Income includes estimated dividend payments for common stocks, preferred stocks, ADRs, closed-end mutual funds, and MLPs.

ETP Income includes estimated dividend payments for Exchange Traded Funds (ETFs) and Exchange Traded Notes (ETNs).

Mutual Fund Income includes estimated dividend payments for Fidelity and non-Fidelity mutual funds.

Other Income includes, but is not limited to estimated dividend payments for Unit Investment Trusts (UITs), REITs, and LPs.

This table does not include cash flow from foreign denominated fixed income.

EAI **Estimated Annual Income (EAI) & Estimated Yield (EY)-** EAI is an estimate of annual income for a specific security position over the next rolling 12 months. EAI may be negative on short & EY positions. EY is calculated by dividing the current EAI for a security position by its statement closing date market value. EAI and EY are estimates only and may include return of principal and/or capital gains, which would render them overstated. Actual income and yield might be lower or higher than the estimated amounts. **For calculation details, refer to the**"Additional Information and Endnotes" section.

Total Cost does not include the cost basis on core, money market or other positions where cost basis is unknown or not applicable.

EAI Estimated Annual Income (EAI) & Estimated Yield (EY)- EAI is an estimate of annual income for a specific security position over the next rolling 12 months. EAI may be negative on short & EY positions. EY is calculated by dividing the current EAI for a security position by its statement closing date market value. EAI and EY are estimates only and may include return of principal and/or capital gains, which would render them overstated. Actual income and yield might be lower or higher than the estimated amounts. For calculation details, refer to the "Additional Information and Endnotes" section.

All positions held in cash account unless indicated otherwise.

Total Cost Basis does not include the cost basis on core, money market or other positions where cost basis is unknown or not applicable.

- The stated Interest Rate is the interest rate effective for Cash Balances in your FDIC-Insured Deposit Sweep on the last day of the statement period.
- Customers are responsible for monitoring their total assets at the Program Bank to determine the extent of available FDIC insurance. Subject to the terms of the customer agreement, customers are reminded that funds are swept to a Program Bank the business day following the date that funds are credited to your account and until swept to a Program Bank, funds are covered by SIPC. For additional information, please see the FDIC-Insured Deposit Sweep Disclosures on Fidelity.com.

This table presents the estimated monthly interest and dividend income and return of principal that your current holdings may generate over the next rolling 12 months. The cash flows displayed are estimates provided for informational purposes only and there is no guarantee that you will actually receive any of the amounts displayed. These estimates should not be relied upon for making investment, trading or tax decisions. The estimates for fixed income are calculated using the security's coupon rate. The estimates for all other securities are calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. IADs are sourced from third party vendors believed to be reliable, but no assurance can be made as to accuracy. There are circumstances in which these estimates will not be presented for a specific security you hold. Please refer to Help/Glossary on Fidelity.com for additional information on these calculations.

Bond & CD Income includes interest payments for fixed and variable rate bonds, international bonds that pay in USD, and Certificates of Deposit (CDs).

Bond & CD Principal includes maturing principal payments for fixed and variable rate bonds, international bonds that pay in USD, and Certificates of Deposit (CDs).

Stock Income includes estimated dividend payments for common stocks, preferred stocks, ADRs, closed-end mutual funds, and MLPs.

ETP Income includes estimated dividend payments for Exchange Traded Funds (ETFs) and Exchange Traded Notes (ETNs).

Mutual Fund Income includes estimated dividend payments for Fidelity and non-Fidelity mutual funds.

Other Income includes, but is not limited to estimated dividend payments for Unit Investment Trusts (UITs), REITs, and LPs.

This table does not include cash flow from foreign denominated fixed income.

Account # 177-712043 VELUPPILLAI SENGO - HEALTH SAVINGS ACCOUNT

- You're now enrolled to receive two-way fraud text alerts if there's suspicious activity on your debit card. You'll be notified when a highly suspicious debit card transaction occurs on your account, allowing you to verify the activity. If you don't reply to the fraud text alert, for your protection your debit card may be blocked from further use, and we'll attempt to reach you directly by phone to verify the transaction. 994722.2.0
- In compliance with U.S. Securities and Exchange Commission requirements, Fidelity regularly provides you with documents that describe the various accounts and services that Fidelity offers. The Customer Relationship Summary (CRS) is provided in printed statements mailed at quarter-end and made available as a link in email notices of statement delivery. This and other important disclosure documents, including the Products, Services, and Conflicts of Interest (PSCOI), may be updated periodically and are available to you for review online at https://communications.fidelity.com/information/crs/. In addition, you may contact Fidelity to request a printed copy at any time. 919834.7.0
- NOTIFICATION OF YOUR TAX WITHHOLDING OPTIONS IN REGARD TO DISTRIBUTIONS FROM YOUR IRA. Federal Income Tax Withholding IRS regulations require us to withhold federal income tax at a rate of 10% from your total IRA distribution (excluding Roth IRA distributions) unless you elect not to have federal income tax withholding apply (provided you have supplied Fidelity with a U.S. address) or you elect to increase the rate of withholding. Federal income tax will not be withheld from distributions from a Roth IRA unless you elect to have such tax withheld or are otherwise subject to withholding because you are a nonresident alien. If taken under a periodic distribution plan, your election will remain in effect on checkwriting or periodic distributions taken from your IRA until revoked by you. You can change your withholding elections for future distributions at any time by contacting Fidelity.

State Income Tax Withholding - If federal income tax withholding is applied to your distribution, state income tax may also apply. Your state of residence will determine your state income tax withholding requirements, if any. Please refer to the lists below. Your state of residence is determined by the legal address of record on your IRA. For residents of AR, IA, KS, MA, ME, OK and VT, if federal income tax withholding is applied to your distribution, state income tax will also apply. For residents of CA, DE, NC or OR, if federal income tax withholding is applied to your distribution, state income tax withholding is applied to your distribution, state income tax will also apply unless you elect not to have state income tax withhold.

For residents of DC, if you take a distribution of your entire account balance and do not directly roll that amount over to another eligible retirement account, DC requires that a minimum amount be withheld from the taxable portion of the distribution, whether or not federal income tax is withheld. For residents of CT or MI, state income tax applies regardless of whether or not federal income tax withholding is applied to your distribution. Please reference the CT or MI W-4P Form for information and to calculate the amount to withhold from your distribution. Tax withholding is not required if you meet certain CT or MI requirements governing pension and retirement benefits. For residents of MS, state income tax withholding will apply regardless of whether or not federal income tax withholding is applied to your distribution, unless you elect not to have state income tax withheld.

For residents of SC, you must provide a valid Social Security number, individual tax identification number, or tax identification number for a nonresident alien; if not, SC requires that 7% tax be withheld from the distribution. For residents of AK, FL, HI, NH, SD, TN, TX, WA or WY, state income tax withholding is not available on IRA distributions. For residents of all other states, you are not subject to mandatory state income tax withholding; however you may elect voluntary state income tax withholding in a percentage. If you elect to have state income taxes withheld and your state provides a minimum amount or percentage for withholding, you must elect a percentage that is not less than your state's minimum withholding requirements. If the percentage you elect for withholding is less than your state's minimum withholding requirements, your state's minimum amount or percentage will be withheld.

Whether or not you elect to have federal and/or state income tax withheld from your distribution(s), you are responsible for the full payment of federal income tax, any state or local taxes, and any penalties which may apply. You may be responsible for estimated tax payments and could incur penalties if your estimated tax payments

are not sufficient. Please contact Fidelity for more information, or contact your state taxing authority for assistance. THE INFORMATION PROVIDED ABOVE IS GENERAL IN NATURE AND SHOULD NOT BE CONSIDERED LEGAL OR TAX ADVICE. 532971.14.0

Securities purchased on margin are the firm's collateral for the loan to you. The actual amount you can borrow and the firm's margin maintenance requirements may vary depending on the firm's internal margin policies which exceed the margin requirements of FINRA and NYSE. The firm's margin policies are subject to review and revision at any time in the firm's sole discretion. The firm reserves the right to alter the terms on your margin loan at any time to comply with changes in the firm's policies. If the securities in your account decline in value, so does the value of the collateral supporting your loan, and, as a result, the firm can take action, such as issue a margin call and/or sell securities or other assets in any of your accounts held with the member, in order to maintain the required equity in the account. It is important that you fully understand the risks involved in trading securities on margin.

These risks include the following: IMPORTANT: (1) YOU CAN LOSE MORE FUNDS THAN YOU DEPOSIT IN THE MARGIN ACCOUNT. (2) THE FIRM CAN FORCE THE SALE OF SECURITIES OR OTHER ASSETS IN YOUR ACCOUNT(S). (3) THE FIRM CAN SELL YOUR SECURITIES OR OTHER ASSETS WITHOUT CONTACTING YOU. (4) YOU ARE NOT ENTITLED TO CHOOSE WHICH SECURITIES OR OTHER ASSETS IN YOUR ACCOUNT(S) ARE LIQUIDATED OR SOLD TO MEET A MARGIN CALL. (5) THE FIRM CAN INCREASE ITS "HOUSE" MAINTENANCE MARGIN REQUIREMENTS AT ANY TIME AND IS NOT REQUIRED TO PROVIDE YOU ADVANCE WRITTEN NOTICE. (6) YOU ARE NOT ENTITLED TO AN EXTENSION OF TIME ON A MARGIN CALL.

NFS can loan securities held in your margin account, which collateralize your margin borrowing. Short selling is a margin account transaction and entails the same risks as described above. In addition to market volatility, the use of bank card, checkwriting, and similar features with your margin account may increase the risk of a margin call. Margin credit is extended by National Financial Services LLC, Member NYSE, SIPC. Contact your broker-dealer regarding any questions or concerns you may have with your margin account. 547661.5.0

- National Financial Services LLC ("NFS") an affiliate of Fidelity Brokerage Services LLC (FBS) provides custody and clearing services on behalf of FBS. In that capacity, NFS is required to provide you with written notice on the manner in which you may gain website access to information regarding NFS' Impartial Callable Securities Lottery Process (the "Lottery Process").

We are also providing you with the following description of the Lottery Process: When street name or bearer securities held for you are subject to a partial call or partial redemption by the issuer, National Financial Services LLC (NFS) may or may not receive an allocation of called/redeemed securities by the issuer, transfer agent, and/or depository. If NFS is allocated a portion of the called/redeemed securities, NFS utilizes an impartial lottery allocation system, in accordance with applicable rules, that randomly selects the securities within customer accounts that will be called/redeemed. NFS' allocations are not made on a pro rata basis and it is possible for you to receive a full or partial allocation, or no allocation.

A more detailed description of the Lottery Process may be accessed by visiting Fidelity.com/callable-securities. You may also request a hard copy of the Lottery Process by writing to National Financial Services LLC, P.O. Box 770001, Cincinnati, OH 45277. 695949.2.0

Estimated Annual Income (EAI) & Estimated Yield (EY) - EAI for fixed income is calculated using the coupon rate. For all other securities, EAI is calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. EY reflects only the income generated by an investment and not changes in its price which may fluctuate. Interest and dividend rates are subject to change at any time and may be affected by current and future economic, political and business conditions. EAI and EY are provided for informational purposes only and should not be used or relied on for making investment, trading or tax decisions. EAI and EY are based on data obtained from information providers believed to be reliable, but no assurance can be made as to accuracy, timeliness or completeness. **Please refer to the Help/Glossary on Fidelity.com for additional information regarding these calculations.**
